- PT Ratio & Circuit Test :  
Core1-Metering :

| Phase | Primary Voltage (volts) | Secondary Voltage (Ph-N) | Secondary Winding Resistance (Ω) | Ratio |
|-------|-------------------------|--------------------------|----------------------------------|-------|
| R     | asd                     | asd                      | dasd                             | asdsa |
| Y     | asd                     | asd                      | adas                             | d     |
| B     | asd                     | asd                      | asd                              | asdd  |

- Core2-Protection :

| Phase | Primary Voltage (volts) | Secondary Voltage (Ph-N) | Secondary Winding Resistance (Ω) | Ratio |
|-------|-------------------------|--------------------------|----------------------------------|-------|
| R     | 2313                    | 123                      | 2312                             | 123   |
| Y     | 123                     | 23123                    | 1231                             | 123   |
| B     | 1231                    | 123                      | 123                              | 123   |

- Insulation Resistance Test :

| Voltage Applied Across | Voltage Applied | Measured IR Value |
|------------------------|-----------------|-------------------|
| Primary to Earth       | 5 KV            | OK                |
| Primary to Core 1      | 500 V           | OK                |
| Primary to Core 2      | 500 V           | OK                |
| Core 1 to Core 2       | 500 V           | OK                |
| Core 1 to Earth        | 500 V           | OK                |
| Core 2 to Earth        | 500 V           | OK                |

- Remarks : Found OK
